CROSS REFERENCE TO RELATED APPLICATIONS

This application is a national phase application based on PCT/SE2005/000238, filed February 22, 2005, the content of which is incorporated herein by reference, and claims the priority of Swedish Patent Application No. 0400522-9, filed March 1, 2004, and the benefit of U.S. Provisional Application No. 60/549,225, filed March 1, 2004, the content of both of which is also incorporated herein by reference.

Page 13, please amend the paragraph starting at line 9, as follows:

Said single solutions could be provided in different compartments in a multi-compartment bag, and the mixing could be provided by having the different compartments sealingly coupled by frangible pins, which different pins could be broken in order to mix the content in optional compartments within the multicompartment bag. The mixing could further be provided by having a peel seal in between the different compartments, which peel seal could be peeled in order to mix the content in the different compartments. ~~Two examples of multi-compartment bags are shown in figs. 5 and 6.~~
